WRATH OF THE STORM KING

Wild Work of Wind and Waves on the Shores of the Great Lakes.
Many Lives Lost

Rochester, N. Y., April 9.—A fifty-eight mile gale which raged in this section all last night, caused the loss of one life, injuries to scores of persons and thousands of dollars in property loss. John Veith, a New York Central brakeman, was blown off his train sustaining a fractured skull from which he died. The wind fanned a fierce fire which caused damage to the car sheds of the New York Central estimated at \$65,000.

Work Paralyzed at Toledo
Toledo, April 9.—Hundreds of men out of work, thousands of dollars' damage done and many persons slightly injured, are the results of a hurricane that visited Toledo and vicinity yesterday. The wind attained a velocity of 69 miles an hour.

Eight Lives Lost at Detroit
Detroit, Mich., April 9.—At least eight persons lost their lives in the storm that visited Detroit and Michigan yesterday. Anthony Knap, a salesman, Joe Kadich, a barber, and Adam Felin, all of Wyandotte, attempted to cross the Detroit river in a rowboat from Wyandotte to Canada in a fifty-mile wind, to settle a wager, and all three were drowned when their boat capsized.

Fearful Rumors Heard at Cleveland
Cleveland, Ohio, April 9.—Shipping generally suffered thousands of dollars' loss in last night's storm. Reports which are drifting in from many storm-swept sections in the middle West and South, indicate that scores of lives have been lost and that property losses will reach over a million.

An Unique Aeroplane
Chicago, April 9.—Telegraph wires east of Chicago as far as Pittsburgh went down rapidly in yesterday's gale according to telegraph companies. Wheeling, W. Va., reported every wire down east of the point. In Chicago several persons suffered injuries from toppling fences and loosened sign boards. Scores of plate glass windows were broken.

Samuel Holland, an elevated railroad conductor, was seated on a roof of a box car on the Metropolitan elevated tracks. The car roof was lifted by the gale and carried in a horizontal position like an aeroplane more than a hundred feet. Holland was none the worse for his experience.

A Howling Gale at Buffalo
Buffalo, April 6.—From 2 o'clock until 5 o'clock yesterday afternoon the wind tore through the streets of Buffalo at the rate of seventy-two miles an hour. One man was killed and many people were injured by parts of buildings detached by the force of the wind and hurled through the air. Out on the lake the water was lashed into a foaming, tumbling mass, and the big ice field that stretched as far as Dunkirk, was broken up and forced into this harbor. The big steamers J. H. Brown and William H. Truesdale broke from their moorings at the breakwater and were blown around at the foot of Michigan street. A dredge got jammed in the ice and sank.

School Children in Danger
London, Ontario, April 9.—Six persons were injured, one fatally, and a financial loss of fully \$50,000 was entailed by a northwest hurricane which passed over this city yesterday.

At the Aberdeen public school, a tall chimney crashed through the roof, imprisoning pupils and creating a panic. Mary La Burtis, aged 9 years, was fatally injured and four other pupils were severely hurt. The fire department worked rapidly and succeeded in quieting the children, who were removed by means of ladders.

MONEY COMES IN BURCHES
To A. A. Chisholm, of Tredwell, N. Y., now. His reason is well worth reading. "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then I used Electric Bitters. Twelve bottles restored all of my old time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infallible for stomach, liver, kidneys, blood and nerves. 50c at all druggists.

BUTTER FOR SALE
We can now supply a limited quantity of our Jersey butter. The Hiawatha Lake Dairy.

A MODEST HERO
Saved the Life of a Child at St. Petersburg, and Immediately Made Himself Scarce

St. Petersburg, April 9.—Sunday afternoon, while the Electric pier was crowded with sightseers and excursionists waiting for the steamer which was approaching from Tampa to and, little Ruth, the 2-year-old daughter of Mr. and Mrs. Charles P. Fuller, who live over the bath house on the pier, was playing at the end of the dock, and by some accident she fell overboard into the bay.

Instantly a well-dressed gentleman jumped into the water after the child and in a few minutes restored her unharmed to the arms of her terrified parents.

An effort was made to learn the name of the gentleman who saved the child from a watery grave, but in the excitement which followed he disappeared from view and all efforts to secure his name failed.

Mr. Fuller thinks the gentleman might at least allow him to have his fine suit cleaned and pressed.

BEWARE Of Ointments for Catarrh that Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system, when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten-fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly on the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c. per bottle. Take Hall's Family Pills for constipation.

WILMA IS A LIVE WIRE
A Petit Chicago Girl, by Jiu Jitsu Methods, is Able to Discomfort a Husky Thug.

Chicago, April 9.—Miss Wilma Berger, twenty years old, a probation nurse, saved herself by her knowledge of jiu jitsu when attacked last night on Ontario street near the lake. She threw her assailant, ran and escaped.

Miss Berger is about five feet tall and weighs 110 pounds. From her description her assailant is about five feet eight inches and weighs about 180 pounds.

Miss Berger left the hospital about 8 o'clock for a man she needed the lake a man caught her around the neck and threw her down. She apparently gave up and asked her assailant to let her remove the dirt from her dress. When he assented she struck his foot on the ground and grabbing him by the arm gave a quick twist that landed him on his back. Then she ran.

At the police station she gave an exhibition of jiu jitsu, throwing reporters around like children and nearly flooring a detective who is more than six feet in height and weighs 200 pounds.

AN IDEAL COUGH MEDICINE
"As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Wiltshire, of Gwynneville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough Remedy. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. As it contains no opium, chloroform or morphine it certainly makes a most safe, pleasant and efficacious remedy for the ills it is intended."

Atlantic City, N. J., April 9.—Miss Maisie Scanlan dashed from the steps of her home in New York avenue and, at the risk of her life, stopped a runaway horse attached to a carriage in which Miss Josephine O'Brien and Miss Julia Miesel were riding. The Exiled Castro Can Find No Rest for the Soles of His Much Dreaded Feet

Paris, April 9.—The French government has decided to expel Cipriano Castro, for president of Venezuela, from the island of Martinique, on the ground that his presence there is likely to foment a revolution in Venezuela. This decision followed the consideration of a cablegram from M. Jusseland, the French ambassador at Washington, giving an account of the conference with Secretary of State Knox yesterday.

It is presumed here that the government of the United States, which initiated exchanges with the foreign governments to prevent Castro from establishing headquarters close to the Venezuelan coast, will prevent him from making his way to the mainland on the sailing of the vessel.

This course will leave Castro the alternative of taking refuge in one of the Danish West India Islands of returning to Europe.

A HEROIC ENGINEER

Bleeding to Death, He Brought His Train Safely Into the Station

Marshfield, Wis., April 9.—James Delmore, an engineer, whose run is on the Omaha, has made himself a hero, nearly at the expense of his life. He was forcing his engine at a forty-mile-an-hour pace through the huge snow drifts which have almost completely blocked traffic here for the last three days, when the window glass of his cab was broken by a gust from the snow, wind and ice, hurling a piece of the broken glass violently against his throat, cutting a deep gash and nearly severing the jugular vein.

With one hand on the throttle and the other holding shut the wound to stem the profuse flow of blood, he brought his train safely to Grandon, a distance of twenty miles. There, almost dead from the loss of blood, he was taken to a hospital, where it is believed he will recover.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only FOR SALE BY ALL FIRST CLASS DRUGSTORES
